

# SEVIER COUNTY VOLUNTEER FIRE DEPARTMENT

SCVFD

*Proudly Serving Our Community Since 1954*

Hello from the Officers and Members of the Sevier County Volunteer Fire Department. This educational program has been put together for the home-schooled students in Sevier County. The Sevier County fire services do a very good job with visiting the public schools and presenting Fire Education programs. However, we are afraid that the hundreds of home-schooled students in this county are missing out on the same information. We know that some programs require the parents to incorporate fire education into what they teach their students, and we hope this will be a help to parents who have taken this incredible job into their hands.

We understand that every student can't sit at a computer and do the whole on-line program, so we ask the parents to sit down with their students and help them. By being with the student, they might learn something new as well.

Once the program has been completed, the parents can contact any fire department in Sevier County and they would be happy to set up a time for the students to be able to meet the REAL-LIFE FIREFIGHTERS that are protecting this county. A list of department address and phone numbers can be found at

<http://seviercountyfirechiefs.org/contact/>.

We hope that this will be beneficial for everyone that partakes in this program, and we hope that nobody ever has to put these lessons into action.

Thank you,

Andrew Quilliams MO, FO  
Captain/Training Officer  
Sevier County Volunteer Fire Department
